

The Enneagram

Please take a look at the sign-up sheets for our two November sessions on the Enneagram, led by Gwynedd Mercy University Chaplain Christine Eberle on **November 5 and 19** after the second service. The Enneagram is an ancient system of nine personality types, illustrating the key motivations that drive human behavior. If you would like to grow in humble self-awareness as well as compassionate patience towards others, this two-part workshop is for you! Part One will present the basic structure of the Enneagram and its nine different “energies,” and then in Part Two participants will explore the dynamics of their particular Enneagram number. Our facilitator is Christine Eberle, the Director of Campus Ministry at Gwynedd Mercy University. A graduate of Saint Joseph’s University (theology and English) and Boston College (pastoral ministry), she is in her 25th year of college campus ministry. Christine is passionate about how the Enneagram can reveal the hand of the Creator at work in each of us—flaws and all. You can read her writing at www.christine-marie-eberle.com
